About this Guide

This is the second edition of the guide and covers examples of CSP's and JSP's that bear the name of Occoneechee Council. This guide is intended to be a checklist or a quick reference for those collecting Occoneechee Council CSP's. This is an ongoing project and there are many unknown issues that are not pictured and need to be. **If you know of any missing issues that are not in this guide please contact me at squiggy104@gmail.com so they may be added to this guide for the next issue.** Also, if you have any suggestion to help improve this guide feel free to let me know. This guide is for everyone. Thank you in advance: Chris
